

Kid's Ministry Covid Plan

Covid Plan

- Masks ARE required in the kid's ministry area for everyone over 5 years old.
- Due to the nature of kid's ministry, social distancing will not be a possibility, but we will be limiting group numbers and trying to keep kids in the same groups from week to week if possible. However, be aware that groups may need to be fluid from week to week based on teacher's availability and class size.
- For the health of all we require that all kids and kid's ministry volunteers stay home if they or any family member is showing signs of being sick.
- Quarantine Clarification: If a child is required to stay home from school, related to Covid exposure, we expect them to also not attend church until their school quarantine is over. Where school quarantines do not apply (younger children, homeschooled kids or kids in full distance learning) we expect all kids and adults who have had close contact with a person who has Covid to stay home 14 days after exposure. If continued contact with a person with Covid occurs (such as when a child has continuing contact with a parent or sibling who is sick), please wait until the affected person has no remaining symptoms to start counting your 14 days.

Classroom Process

- Upon entering the Great Room, each child will either wash hands or use hand sanitizer.
- Groups of kids will be socially distanced during group worship and teaching time.
- Teachers will do their best to watch for any toys going in or near mouth and put the toys in a dirty bin.
- Each child will have their own basket of crayons, markers, and scissors, if needed.
- Toys will be cleaned as needed.
