

## Stepping into the Promise Anyway

### Daniel 9

Ben McEachern, Lead Pastor

Weekend of February 27-28, 2021

### NorthRidge Value of the Week

**Relevance** - We value being culturally relevant while being true to God's teaching.

### Sermon Summary

Confession, they say is good for the soul... that is because we like to make everything about us. What if that's irrelevant? What if confession has more to do with getting realigned with the sovereign God so we can get back into step with him? That's what Daniel shows us how to do today so we can step into His promises.

### Discussion Questions

Share some good news. What is going *well* in your life right now?

With all that we have read from Daniel up until this point, what are some of the things that stick out to you regarding the nature of man, the Character of God, and Daniel's experience navigating those two things?

### **READ Daniel 9**

What grabs your attention from this chapter? Anything new?

What does this chapter say about the nature of man?

What does it say about the character of God?

Pastor Ben broke down the passage with these 6 steps that are required to get in line with God:

#### **Get in Step with God**

1. Acknowledge His covenant of love
2. Be honest about being out of step
3. Face the shame of sin

4. Submit to God's discipline
5. Admit you've reflected poorly on God
6. Trust God's grace

Are you *out of step* with God in any of these areas?

What needs to change for you to get back in-step?

What is at stake if you don't?

How can the group pray for you to get in step with God and to continue walking that way?

### **Memory Passage**

Lamentations 3:22-23 - "Because of the Lord's great love we are not consumed, for his compassions never fail. They are new every morning; great is your faithfulness."
